# FISKARS QUALITY SINCE 1649

**Pick up a Fiskars product and sense its ergonomic design and innovative functionality. Quality dictates everything Fiskars does, a standard enshrined in the company's core values since its inception in 1649.**

In that year, Peter Thorwöste was granted permission to manufacture cast iron and forged products in a small Finnish village called Fiskars. Today as one of the Western world's oldest companies, Fiskars has grown into a multinational corporation, present in more than 40 countries on four continents and is the number one in hand operated garden tools in North America, Australia and much of Europe.

It's true that the company has come a long way but Fiskars' roots and soul continue onwards in Fiskars

village, where, some 10 kilometers away many of our garden tools are still manufactured to this day, continuing the same stringent quality standards.

Fiskars ergonomic, lightweight, yet powerful garden tools are designed to reduce strain and fatigue, and to ensure gardening is a pleasure, which is what gardening should be about. We're confident that our customers recognize this and continue to support our aspirations for enduring quality.

### Our Quality Pledge

When properly used and maintained, Fiskars garden tools shall remain free of defects in material and workmanship. Any exception to the rule will simply be repaired, replaced or substituted by a product of equal value. Replacement tools or spare parts are offered when returning the tool to the retailer, or contacting the local customer service department.

# FISKARS®

the Touch of orange

## Fiskars adds a Touch of orange to innovation, quality and design!

We at Fiskars believe that all things, even the simplest, can be made better and smarter.

This year we've extended our telescopic offering in the Fiskars SmartFit™ cutting tools range. With the new telescopic lopper and hedge shear you reach new cutting heights – whenever you choose!

In addition to innovative NPD, we are also making some of the best selling Fiskars tools from our European offer available in the UK. We're confident that these market leading products will drive your sales in 2014.

### The Touch of orange

What is that special something only Fiskars products have? Handpicked materials and features so thought through only 365 years of experience in hand tool making can create. We call it "The Touch of orange" and it's our promise to the world.

Happy gardening!

# Splitting Axes

Fiskars next generation splitting axes are a true evolution of craftsmanship. Purpose-designed for one strike splits of even the thickest logs. The special blade geometry and finish is complemented by a light sturdy shaft and perfect balance. Pick your size according to the task at hand.

- < 35 degree convex cutting bevel angle for splitting axes - the convex shape strengthens the edge to make it less sensitive to fracture
- < Perfect balance between head and shaft for the most safe, comfortable and efficient swing
- < Ultralight and durable FiberComp™ shaft minimizes fatigue and makes the axe virtually unbreakable
- < Optimal anti-shock surface structure ensures a comfortable, firm grip
- < Hooked end of the handle prevents the axe from slipping out of the hand
- < Comes with a plastic sheath for easy carrying and storage

## Axe and knife sharpener

<b>Xsharp™ Axe and Knife Sharpener</b>	SAP No 1000601	Article No 120740	Retail box: 4
	Weight: 90g	Width: 35mm	 6 4 1 1 5 0 1 2 0 7 4 0 1
	Length: 165mm		

- < For regular maintenance of your Fiskars axes and knives
- < 2 sharpeners in 1. Ceramic grind stone has clearly indicated cutting grooves for either axes or knives
- < Optimized sharpening angle for Fiskars blades with easy-to-use mechanism
- < Convenient portability

# Saws

Fiskars saws have teeth designed especially for wood. Prune branches and clear foliage in difficult positions safely with a lightweight saw. Fiskars Xtract™ range features a unique retractable mechanism and integrated belt clip making them safe to carry and easy to store.

Fiskars Xtract™ Saw

- < Cuts on the pull stroke
- < New design with handy belt clip which retracts when in use
- < SoftGrip™ handle ensures a safe grip
- < Finger guard protects fingers from sliding onto the blade

Bow Saw

- < Excellent for sawing stems and thicker branches
- < Curved nose enables cutting in hard to reach or difficult positions
- < Cuts on both the push and pull stroke with unique 'plane toothing'
- < Plastic protector for safe transportation

XA3 Brush hook

- < For trimming trees and thinning out thicker branches
- < Ultra light and durable FiberComp™ handle minimizes fatigue and makes the brush hook virtually unbreakable
- < Hooked end of the handle prevents slipping

# Forestry Tools

Fiskars forestry tools offer a specialized package for heavy wood craft including a sledge hammer, log splitter and a brush hook for trimming trees and thinning dense vegetation. These durable tools are the perfect fit for effective work and ease of use in the forest whilst our new gloves protect your hands during rough manual work.

WoodXpert Brush Hook

## Fiskars WoodXpert™

### WoodXpert Brush Hook XA3

**NEW**

SAP No 1003609	Article No 126004	Retail box: 4
Weight: 450g	Width: 120mm	EAN 6 4 1 1 5 0 1 2 6 0 0 4 8
Length: 505mm		

- < For trimming trees and thinning out thicker branches
- < Ultra light and durable FiberComp™ handle minimizes fatigue and makes the brush hook virtually unbreakable
- < Hooked end of the handle prevents slipping

## Sledge Hammer

### Sledge Hammer XL

SAP No 1001431	Article No 120030	Retail box: 2
Weight: 5180g	Width: 150mm	EAN 6 4 1 1 5 0 1 2 0 0 3 0 3
Length: 900mm		

- < Rounded edges on the striking surface delay burring and lessen the risk of chipping
- < Rubber miss-hit guard helps to lessen jarring from miss hits
- < Fibreglass core and elastomeric anti-slip and anti-vibration handle ensure greater resistance and comfort
- < Hardened, tempered and forged carbon steel

## Wedges

### Splitting Wedge

SAP No 1000600	Article No 120020	Retail box: 4
Weight: 2200g	Width: 40mm	EAN 6 4 1 1 5 0 1 2 0 0 2 0 4
Length: 200mm		

- < Helicoidally shaped which makes the wood burst more easily therefore reducing the need to use several wedges
- < Rounded head to avoid material fragmentation
- < Anti-return slot
- < Forged steel

# Garden Light

This nice Garden Light range offers you a selection of lightweight tools for planting, cultivating, raking and other gardening tasks. Fiskars versatile range of soil rakes, hoes and cultivators are ideal for weed control, moving soil, creating narrow furrows for planting seeds and bulbs and even harvesting root crops.

- < Hanging loop for easy storage
- < Drop-shaped soft grip handle for optimal grip

- < Lightweight garden spade and shovel for general garden work

- < The oval-shaped aluminium shaft is lightweight
- < Plastic sleeve maximizes the grip and insulates from cold

- < Boron steel prongs adds extra strength and makes penetration into the soil easier

- < Large D-shaped handle fits all hand sizes, with or without gloves

- < The oval-shaped aluminium shaft is lightweight and plastic sleeve maximizes the grip and insulates from cold

- < Blade of hardened carbon steel

## Garden Light Spades

<b>Garden Light Spade Rounded</b>	SAP No 1000626	Article No 131500	Retail box: 4
	Weight: 1300g	Width: 185mm	EAN 7 3 1779 1 120606
		Length: 1130mm	

- < Perfect for digging, planting holes, edging beds and removing small amounts of soil
- < Ideal for light digging in normal to loose garden soil

## Garden Light Fork

<b>Garden Light Fork</b>	SAP No 1000635	Article No 133500	Retail box: 4
	Weight: 1300g	Width: 240mm	EAN 5 9 0556 1 335002
		Length: 1130mm	

- < The perfect tool for loosening and turning over soil
- < Use also for aerating the lawn or raking out stones and weeds

## Garden Light Hoes & Cultivators

<b>Garden Light Dutch Hoe</b>	SAP No 1000678	Article No 136504	Retail box: 4
	Weight: 650g	Width: 125mm	EAN 5 0 1062 4 440910
		Length: 1620mm	

- < For quick and easy weeding in beds, borders and vegetable pots

<b>Garden Light Hoe</b>	SAP No 1000675	Article No 136500	Retail box: 4
	Weight: 600g	Width: 185mm	EAN 7 3 1779 1 112601
		Length: 1550mm	

- < Efficient tool for removing weeds between rows of plants or breaking up the soil for cultivation

<b>Garden Light Cultivator</b>	SAP No 1001301	Article No 136510	Retail box: 4
	Weight: 800g	Width: 117mm	EAN 7 3 1779 1 116661
		Length: 1640mm	

- < Lightweight tool for loosening and tilling the soil before planting

## Garden Light Soil Rakes

<b>Garden Light Soil Rake</b>	SAP No 1000652	Article No 135510	Retail box: 4
	Weight: 800g	Width: 358mm	EAN  5 905568 800244
		Length: 1540mm	
<p>&lt; Lightweight soil rake for preparing planting beds, smoothing down soil and other general gardening tasks like raking branches or spreading mulch</p>			

<b>Garden Light Rose Rake</b>	SAP No 1001583	Article No N/A	Retail box: 4
	Weight: 600g	Width: 247mm	EAN  7 317791 114605
		Length: 1540mm	
<p>&lt; Unique head shape to work between plants when preparing planting beds, cleaning or spreading mulch</p>			

## Garden Light Leaf Rakes

<b>Garden Light Leaf Rake L</b>	SAP No 1000660	Article No 135570	Retail box: 4
	Weight: 800g	Width: 585mm	EAN  5 905561 335705
		Length: 1810mm	
<p>&lt; Wide rake for working on large lawn areas &lt; Sturdy flexible tines with specific geometry prevents twigs and leaves from getting caught</p>			

<b>Garden Light Leaf Rake M</b>	SAP No 1001582	Article No 135560	Retail box: 4
	Weight: 700g	Width: 425mm	EAN  5 905561 335606
		Length: 1670mm	
<p>&lt; Medium-sized all-purpose rake for working in smaller areas like around trees or under bushes</p>			

## Garden Light Knives

<b>Garden Light Edging Knife</b>	SAP No 1000679	Article No 136505	Retail box: 4
	Weight: 600g	Width: 200mm	EAN  5 905568 365057
		Length: 995mm	
<p>&lt; For cutting turf to create neat lawn &lt; For clearing the space between the lawn and hard surfaces by stepping on the blade and driving it deep into the lawn</p>			

<b>Garden Light Patio Knife</b>	SAP No 1000686	Article No 136520	Retail box: 4
	Weight: 500g	Width: 70mm	EAN  5 905561 365207
		Length: 1580mm	
<p>&lt; Ideal tool for removing grass, moss and weeds between wooden decking, pavement slabs and on gravel paths</p>			

# Fiskars SmartFit™

### Adjustable shaft length

- < Use in various tasks from planting and digging to shovelling
- < Maximize comfort with right tool length for user and task
- < Easy locking mechanism
- < Large D-shaped handle fits all hand sizes
- < Rigid connections and durable boron steel material

Fiskars SmartFit™ Garden Digging Spade

Fiskars SmartFit™ Garden Fork

## Fiskars SmartFit™ Spades

SmartFit Telescopic Garden Edging & Planting Spade	SAP No 1000620	Article No 131310	Retail box: 4
  	Weight: 2000g	Width: 191mm	EAN  6 4 1 1 5 0 3 2 5 0 5 5 9
	Length: 1054 - 1250mm		

- < Straight, sharpened cutting edge for edging and planting
- < For various gardening tasks like planting, edging or shovelling
- < Adjust the shaft for different tasks and comfortable working position

## Fiskars SmartFit™ Fork

SmartFit Telescopic Garden Fork	SAP No 1000630	Article No 133320	Retail box: 4
  	Weight: 1800g	Width: 193mm	EAN  6 4 1 1 5 0 3 3 5 2 5 5 0
	Length: 1165 - 1256mm		

- < Best tool for loosening and turning over compacted soil
- < Move easily tuft of grass when bordering or planting
- < Use also for aerating the lawn or rake out stones and weeds
- < Sharp and firm prongs are especially useful in hard and stony soil
- < Adjust the shaft for different tasks and comfortable working position

# Fiskars QuikDrill™

Fiskars QuikDrill™ makes many garden tasks simpler and easier. It is a handy tool when planting flowers or bushes or when aerating and fertilizing the ground.

Choose the right size blade for your specific garden task.

- < Dual cutting action with two optimally angled and sharpened blades drills a smooth-edged hole without getting stuck on small stones or roots
- < Depth of planting hole can easily be measured with the scale printed on shaft
- < Handle made from FiberComp™ to make it extremely strong
- < Steel tube shaft for maximum strength
- < Change blades easily to different sizes with screws

Fiskars QuikDrill™ blade change

< For planting and weeding whilst protecting roots

# Fiskars PowerGear™

Fiskars PowerGear™ is a versatile family of tools that include pruners, loppers and hedge shears to cover most of the cutting needs in the garden. The ingenious gear mechanism which boosts the power of the cut is complemented by sharp, quality steel blades and lightweight, durable FiberComp™ handles.

< Patented PowerGear™ mechanism makes cutting 3,5 times easier compared to standard mechanisms

- < Blades made from extra hard, corrosion resistant steel (CrMoV) ensures that they stay sharper longer
- < Handles made from FiberComp™ make them extremely lightweight and strong
- < Unique rotating handle movement ensures that all fingers are used simultaneously and exert an equal but reduced pressure for maximum power and less effort on every cut

## Fiskars PowerGear™ Pruners

<ul style="list-style-type: none"> <li>&lt; Ideal for trimming hedges and bushes</li> <li>&lt; Comfortable and sturdy handles of glassfibre reinforced polypropylene (PPGF)</li> <li>&lt; Wavy profiled hardened steel blades with friction reducing coating</li> </ul>			

# Fiskars PowerStep™

Fiskars PowerStep™ range is a small family of solid performers from Fiskars extensive catalogue of garden hand tools. The ingenious ratchet mechanism allows incremental cuts, in 1, 2, or 3 steps for thicker branches, for both the lopper and the pruner. The non-stick carbon steel blades cut clean and precisely

## Fiskars PowerStep™ mechanism: unique features

- < Allows to cut thin and thick branches with the same tool, without compromising on the performance
- < Thin branches are cut in one easy snip – thicker branches in 2 or 3 gradual steps to reduce the force needed per stroke
- < Mechanism automatically sets the applicable amount of strokes
- < Gradual steps are performed smoothly, whilst the effort is absorbed by the mechanism

## Fiskars PowerStep™

PowerStep Pruner Anvil P83	SAP No 1000575	Article No 111670	Retail box: 4
 	Weight: 140g	Width: 85mm

## Notched Shears

Notched Shears	SAP No 1000593	Article No 114114	Retail box: 4
	Weight: 1045g	Width: 210mm	
	Length: 530mm		
<ul style="list-style-type: none"> <li>&lt; 9" hardened steel blades</li> <li>&lt; Blade tension adjuster for different width foliage</li> <li>&lt; Cushioned bumper to reduce strain</li> <li>&lt; Ergonomically designed wishbone shaped handles to reduce wrist strain</li> </ul>			

# Fiskars SmartFit™

Fiskars SmartFit™ range is a handy addition to anyone's garden shed. With telescopic hedge shear, lopper, and the multipurpose pruner Fiskars SmartFit™ covers most of your garden cutting needs.

- < Optimally shaped to fit the hand
- < Fits your need - multi-purpose usage with adjustability of cutting capacity
- < Fits small to large hands

- < Adjustable length of the handles ensures optimal reach
- < Lightweight product, comfortable to use
- < Ergonomic design

## Fiskars SmartFit™ Pruner

SmartFit Pruner Bypass P68	SAP No 1001424	Article No 111610	Retail box: 4
	Weight: 200g	Width: 70mm	EAN 6 4 1 1 5 0 1 1 1 6 1 0 9
	Length: 208mm		

- < Multi-purpose pruner with an adjustable cutting aperture
- < Enables quick snipping of thinner branches as well as heavier of thicker branches up to 24mm in diameter
- < The convenient locking mechanism is accessible with one hand providing safety in storage and in use
- Comfortable SoftGrip™ handles

## Fiskars SmartFit™ Telescopic Lopper

SmartFit Telescopic Lopper L86	<b>NEW</b>	SAP No 1013564	Article No 112500	Retail box: 4

	Length: 675 - 925mm			

- < This shear is ideal for trimming both high and low hedges

# Fiskars Quantum™

Fiskars Quantum™ exemplifies natural beauty and design. The red dot best of the best awarded range exhibits light but strong aluminium bodies, precision ground blades and unique cork padded handles for both comfort and style.

Fiskars Quantum™ is a true expression of form and function working together.

- < High-quality aluminium body balanced by comfortable cork TruGrip™ handles
- < TruEdge™ blade technology including precision ground hardened steel and anti-friction coating ensures clean, accurate cutting power

- < Robust aluminium cross section handles ensure lightness and strength
- < TruGrip™ cork with SoftGrip™ inlays delivers greater comfort during operations
- < Precision ground hardened steel blades cut cleanly and precisely
- < PowerGear™ mechanism makes cutting three and a half times easier than standard mechanisms

## Fiskars Quantum™ Pruner

<b>Quantum Pruner Bypass P100</b>	SAP No 1001434	Article No 111970	Retail box: 4
	Weight: 280g	Width: 75mm	EAN  6 4 1 1 5 0 1 1 1 9 7 0 4
	Length: 215mm	< Ideal for cutting twigs and branches < Blade adjustment mechanism locks the blade tightness, prevents the blades from loosening and enables the user to adjust the blades during the lifetime of the pruner	

## Fiskars Quantum™ Loppers

<b>Quantum Lopper Anvil (L) L109</b>	SAP No 1001437	Article No 112610	Retail box: 4

	Weight: 830g	Width: 230mm	EAN  6 4 1 1 5 0 1 1 2 2 4 0 7
	Length: 570mm	< Scissor head ideally suited to precision cutting	

## Fiskars Quantum™ Hedge Shear

<b>Quantum Hedge Shear HS102</b>	SAP No 1001449	Article No 114820	Retail box: 4
	Weight: 960g	Width: 170mm	EAN  6 4 1 1 5 0 1 1 4 8 2 0 9
	Length: 631mm	< Ideal for trimming hedges and bushes	

# Scissors

Fiskars orange handled scissors are design classics that have been popular for more than four decades. Our selection of garden scissors are excellent for precise cutting and trimming tasks.

The carbon steel blades easily cut through materials from fine wire to flower stems.

< Over 1,000,000,000 Fiskars orange handled scissors sold worldwide.

## Universal Garden Scissors

Universal Garden Scissors 18cm S92	SAP No 1000555	Article No 111030	Retail box: 5
	Weight: 70g	Width: 80mm	EAN 6 4 1 1 5 0 1 1 1 0 3 0 5
		Length: 185mm	

- < For cutting flowers and plants
- < Ergonomic handles are designed based on the natural hand movement
- < Handles made from impact-resistant PBT
- < Extra hard stainless steel blades
- < Serrated blades for better control

Universal Garden Scissors

# Universal Cutters

Fiskars Universal Garden Cutters are multi-use tools that allow accessibility to tree crowns and dense bushes, enabling the gardener to trim overhead without needing a ladder, or at ground level without bending or kneeling. Activate the great cutting power with a slide of the orange handle, or when used at maximum height, with a pull of the orange end knob. The adjustable head and the lightweight cutting mechanism helps to ensure fast, easy and safe pruning from afar.

- < Long reach shaft makes hard to reach garden tasks accessible from a safe standing position
- < Extremely efficient PowerReel™ mechanism makes cutting 12 times easier compared to standard mechanisms

# Grass Shears

Fiskars Grass Shears are ergonomically designed with unique user-friendly features. The ingenious Servo-System™ technology prevents the blades from jamming. The blades are made from hardened stainless steel for long durability.

Servo-System Grass Shear

- < Handles made from FiberComp™ (a fiberglass reinforced polyamide) to make them extremely lightweight and strong
- < Servo-System™ mechanism prevents the blade from jamming
- < Thumb operated locking mechanism for extra safety
- < Cutting angle adjustable 360°

Servo-System Grass Shear, Long

- < Lightweight and strong FiberComp™ handles
- < Servo-System™ mechanism prevents the blade from jamming
- < Thumb operated locking mechanism for extra safety
- < Long shafted model allows the gardener to work in an upright position to prevent muscle strain and backache

## Servo-System Grass Shears

< For cutting grass, hedges and small bushes  
< Heat treated carbon steel blades for added strength  
< Comfortable SoftGrip™ handles for extra grip

# Weed Pullers

Fiskars Weed Puller is a great invention for removing any root weeds such as dandelions. Its simple design removes the need for digging, bending or the use of chemicals. Its deep reaching claws grab the root from four directions and remove the weed cleanly, removing only a small amount of soil.

- < Four deep-reaching stainless steel claws grab the root efficiently
- < Ejection system helps to release weed after pulling
- < Eco-friendly weeding without the use of chemicals
- < Allows the gardener to work in an upright position to prevent muscle strain and backache

## Weed Puller

<b>Weed Puller Telescopic W82</b>	SAP No 1000737	Article No 139920	Retail box: 4
	Weight: 1700g	Width: 300mm	EAN 6 4 1 1 5 0 1 3 9 9 2 0 5
	Length: 1000mm		

- < For removing any root weeds ergonomically and effortlessly
- < Telescopic shaft can be adjusted between 999 -1190mm
- < Large D-shaped handle fits all hand sizes

<b>Weed Puller W52</b>	SAP No 1000736	Article No 139910	Retail box: 4

- < For removing any root weeds ergonomically and effortlessly

**3,000,000 SOLD SINCE 2004\***

\*Fiskars Weed Pullers: 3,000,000 sold world-wide since 2004.

# Fiskars StaySharp™

The Fiskars StaySharp™ Max reel mower promotes greener, healthier lawns by cutting each blade of grass cleanly with a scissor-like action. This minimizes the lawn's moisture loss and reduces exposure to disease. The Reel Mower lets you cut grass without noise, uncomfortable vibrations and the hazards associated with power driven rotary blades. It is one of the most environmentally friendly ways to cut your lawn.

StaySharp™ Plus Parts

## Fiskars StaySharp™ Reel Mower

<b>StaySharp Max Reel Mower</b>	SAP No 1000591	Article No 113880	Retail box: 1
	Weight: 2350g	Width: 610mm	EAN 6 4 1 1 5 0 1 1 3 8 8 0 4
		Length: 1220mm	

- < Best in class cutting performance for a superior mowing experience
- < StaySharp™ cutting system cuts the grass without the blades touching so the mower is easier to push
- < Hardened steel blades with precision grounded edges
- < Ergonomic, height-adjustable handle with padded grip
- < VersaCut™ cutting capacity settings from 2,5cm to 10cm
- < Enables the closest side edging of any reel mower

## Fiskars StaySharp™ Plus Parts

<b>StaySharp Grass Catcher</b>	SAP No 1000592	Article No 113883	Retail box: 1
	Weight: 1900g	Width: 540mm	EAN 6 4 1 1 5 0 1 1 3 8 8 3 5
		Length: 550mm	

- < For use with Fiskars StaySharp™ Max Mower
- < Simple to use with convenient handle for easy emptying
- < Effective capacity of approx 18 litres
- < UV and mildew resistant polyester screen and heavy duty steel frame for long lasting performance
- < Simple tool-free assembly to mower

# My First FISKARS®

Being with your children in the garden, whether for play or working together to raise plants, rake leaves or to make a clean sweep is a simple pleasure that benefits the whole family. At Fiskars we have developed tools that offer both avenues for exploration, whether a box set of unique tools for the youngest to fully functioning stick tools for older children keen to help out with real garden work.

- < Shaft made of sturdy anodized aluminium
- < Signature orange handle loop designed to fit small hands
- < CE approved

# Maintenance

Even the sharpest tools become dull with use and metal can always use a little oil. For that reason we've got the perfect handy answer for those regular maintenance chores.

## Maintenance

Maintenance Kit	SAP No 1001640	Article No 110990	Retail box: 4
	Weight: 135g	Width: 197mm	
		Length: 104mm	

- < Includes a maintenance guidebook, diamond file and oil
- < Instructions on sharpening, oiling, washing, storage etc is detailed in pictures and symbols

Well-cared-for garden tools perform better and last longer. A tool can be made as good as new and ready for use again in just a few minutes. Fiskars Care Kit contains all the necessary equipment and instructions needed for maintenance of your gardening tools:

**Instructions**

how/when to sharpen, oil, wash, store, etc.

**Diamond File**

long-lasting and suitable for hardened steel

**Oil**

reduce friction and protect blades against corrosion

**Sharpening:** With time, blades become blunt and begin to lose their cutting capacity. When cutting marks are no longer tidy and strands and bark start getting stuck to the blade, it is time to sharpen the tool. Working with sharp tools benefit both the gardener and the garden: sharp tools demand less effort from the user and clean cuts promote faster healing of the plants. The easiest way to sharpen the blade is using a diamond file.

**Oiling:** Blades, joints and springs should be oiled on a regular basis with just a few drops of oil.

**Springs:** If the tool has springs, the blades should be securely locked before storage to maintain the spring tension.

# PICTOGRAMS

Level of enhancement

Fiskars USPs

<b>2x EaseCut™</b> Indicates by how many times the cutting power is multiplied.	<b>FiberComp™</b> Strong, durable and lightweight properties.	<b>SoftGrip™</b> Comfortable anti-shock handle.	<b>PowerClean™</b> Combination of soft and hard bristles.
<b>12x EaseCut™</b>	<b>TruEdge™</b> Mechanically strong, sharp, corrosion-resistant an non-stick blade coating.	<b>TruGrip™</b> Comfortable organic handle.	
<b>Cutting capacity</b> Shows the maximum cutting diameter.	<b>Micro tip</b> Thin and sharp blades for precision cutting.	<b>Safety</b> Loop helps to shield fingers when cutting.	<b>Female</b> For female use.
<b>Power tip</b> Cutting power is distributed evenly.	<b>Shock-proofed</b> Improves comfort by absorbing vibrations.	<b>Fingerloop handle</b> Prevents slipping and protects fingers.	<b>Male</b> For male use.
<b>Telescopic</b> The length of the product can be adjusted.	<b>Push and pull blade</b> For faster, more efficient cutting.	<b>Pull blade</b> Optimised for pruning green wood.	<b>Hand size</b> Suitable for small hands.
<b>Strength</b> Withstands hard wear and loads.	<b>Tightly sealed</b> Shaft and blade are fused together for a tight seal.	<b>Weather proof</b> Withstands all types of weather.	<b>Ambidextrous</b> For both right-handed and left-handed use.
<b>Pocket-sized</b> Fits easily into a pocket.	<b>Belt holder</b> Optimized feature for convenient portability.	<b>Center of gravity</b> Perfectly balanced.	<b>Right-handed product</b> For right-handed use.

Product Materials

<b>Aluminium</b> Lightweight, strong properties.	<b>CrMov</b> Highly durable material which holds an edge.	<b>PBT</b> Lightweight, flexible and durable.	<b>Boron steel</b> Sharp and durable.
<b>Stainless steel</b> Mechanically strong and corrosion-resistant.	<b>PTFE coating</b> Corrosion-resistant, non-stick blade coating.	<b>Steel gear mechanism</b> Strong and effective steel mechanism.	<b>Genuine leather</b> Made of tough, genuine leather.

Usage

<b>For fresh wood</b> Bypass cutting action.	<b>For dry wood</b> Anvil cutting action.	<b>For universal cutting</b> For cutting thin steel plates, plastic, tube, rope, etc.	<b>Hook head</b> For heavy cutting of green wood.
<b>Scissor head</b> For precision cutting of green wood.	<b>Fine toothing</b> For efficient sawing of planks and boards.	<b>Efficient toothing</b> For sawing green wood.	<b>Splitting axe</b> For easier, faster splitting of wood.
<b>Chopping axe</b> For easy cutting through fresh wood.	<b>Brush hook</b> For trimming undergrowth and even clearing small trees.	<b>Snow tool</b> For clearing snow in small or large areas.	<b>Fruit picking</b> For harvesting fruit trees.
<b>Yard cleaning</b> For clearing debris from yard areas.	<b>Patio cleaning</b> Optimized for clearing finer-particle debris.	<b>Gutter cleaning</b> For easy reach and clearing of gutter debris.	<b>Flower stems</b> For cutting flower stems.
<b>Hedges and bushes</b> For cutting hedges and bushes.	<b>Grass</b> For cutting grass.	<b>Potted plants</b> For cutting potted plants.	<b>Bonsai plants</b> For cutting bonsai plants.
<b>Herbs</b> For cutting of delicate herbs.	<b>Sharpening</b> For sharpening wooden canes.	<b>Carving</b> For stripping bark.	<b>Pruning/Grafting</b> For cutting of small side shoots, laterals and pruning of weak growth.
<b>Grafting</b> For various grafting tasks.	<b>Whittling</b> For whittling wood.	<b>Cotton &amp; string</b> For cutting cotton and string.	<b>Building site</b> For cutting rockwool and fiberboard.
<b>Vegetables</b> For cutting and processing vegetables and mushrooms.	<b>Fish</b> For preparing fish.	<b>Soil care</b> For all soil-related tasks.	<b>Lawn care</b>
<b>Paving</b>	<b>Leaf collecting</b>	<b>Digging</b> Preparing planting holes and removing sod or soil.	<b>Garden digging</b> Slicing and cutting grass tufts and moving and mixing soil.
<b>Construction digging</b> Heavy-duty digging.	<b>Sandmoving</b>	<b>Composting</b>	<b>Haying</b>
<b>Axe sharpening</b> For maintaining optimal sharpness of Fiskars axes.	<b>Knife sharpening</b> For optimal sharpening of Fiskars knives.		

# EDUCATION

## CHOPPING VS. SPLITTING

**Chopping axe** – The Universal Chopping Axe’s thin, wide edge ensures a clean, easy cut in fresh, resinous wood, like spruce or pine.

**Splitting axe** – The Splitting Axe features a unique cutting edge that easily slices into the wood, which the thick axe blade then pushes apart.

## ANVIL VS. BYPASS

**Bypass:** Both blade and counter blade press into the wood to make a clean cut with less compression damage (cutting blade bypasses counter blade in a scissors-like action). Possible to cut close to the stem. Best suitable for fresh wood.

**Anvil:** Upper blade is forced through the wood with greater pressure as the anvil blade supports the branch and spreads the pressure until the cut is complete. Best suitable for dry or dead wood.

## WHICH TOOL FOR WHICH TASK

By selecting the right tool for the job you save energy and ensure the well-being of your plants.

Universal cutters help you reach difficult spots.

Loppers are particularly suited for cutting thicker branches.

The saw is particularly suited for removing thick (over Ø 5cm) branches.

An axe is good for cutting the thickest branches and splitting firewood.

# PACKAGING

### Product Names

Fiskars products are named using letters and numbers. The letter refers to the product and the number represents which of our Supreme, Dynamic and Essential range it belongs to.

#### Letter

- P – Pruner
- L – Lopper
- W – Weeder
- S – Scissors

#### Number

- Essential: 01 - 39
- Dynamic: 40 - 99
- Supreme: 100+

#### **Made in Finland**

Founded in the small village of Fiskars, Finland in 1649, the company has grown into a large multinational corporation, celebrated for a history of products accommodating the strict Finnish standards for quality and design. Following its tradition to drive innovation of tools that reduce the effort, fatigue and strains so often associated with gardening, Fiskars ergonomic, high performance cutting and landscaping tools are designed to do the hard work, so you don't have to!
